SCOPE OF WORK

The County of Mercer requests bids for Mercer County Pavement Surface Restoration Program. This project consists of 3" or less milling and resurfacing of various roadways under Mercer County jurisdiction using Superpave Hot Mix Asphalt 9.5M64 Surface Course. Existing subsurface concrete, approximately 12" thick, must be removed and restored with subbase material and hot mix asphalt base on a short segment of Parkway Avenue. The project also includes installation of centerline, shoulderline, lane line and intersection pavement markings. Raised Pavement Markers will also be installed to enhance nighttime and wet road visibility conditions. Work shall also include maintenance and protection of traffic in accordance with the Manual on Uniform Traffic Control Devices and the plans and specifications

The County of Mercer does not release the project estimate.
